PUBLISHER'S NOTE

In the name of Allah, the Beneficent, the Merciful. All Praise is due to Allah, the Cherisher and the Sustainer of the Universe. May peace and salutations be upon our Prophet Muḥammad (s), his family and companions.

The Quran is the Quran in the original Arabic language. The beauty of the Quran, in its meaning, in its reading, and its recitation, is the beauty of the Quran in the Arabic language. Nothing can substitute that.

Its translation into the various languages of the world, like this in the Xhosa language of Southern Africa, is therefore a mere shadow of the grandeur, nobility, beauty and elegance of the Quran in its original Arabic language.

Any translation of any book from one language to another loses a substantial portion of its meaning. Moreso with the Quran.

Therefore, my dear Xhosa readers, your attempt to understand the Quran by this Xhosa translation is highly laudable, because by implementing the pearls of the Quran, you have embarked on a journey of self discovery and self development and closeness to your Creator; as millions before you have done, including this humble servant.

But also remember in the light of the above statement, that this will be only the beginning of your journey. Hopefully it will be a stepping stone towards the understanding of the Quran in the Arabic language; and therefore acquiring the gems of Islam, its instructions for a correct and noble way of living, and its guidance and wisdom, from none other than the Quran in the original Arabic language, Insha Allah.

Xhosa is the language of the Xhosa people based on the East Coast of the Southern tip of Africa. The Xhosa tribe is the second largest tribe in Southern Africa, and the Xhosa language is the second most popular spoken language in South Africa, after Zulu. Xhosa is the mother tongue of about 18% of the current 50 million South African population. About 9 million people speak this language. It is an official language in the new democratic South Africa. To date there has not been a Xhosa translation of the Quran, and therefore this attempt is historic.

Guided by its own commitment to serve the Quran, the Islamic Dawah Movement Publications Unit undertook this tremendous and honorable task of the translation of the Quran into the Xhosa language, Alhamdulillah (praise be to Allah).

Allhamdulillah, this translation of the Glorious Quran into the Xhosa Language is the culmination of tremendous efforts of many individuals committed to presenting Islam in its pristine purity to the general public. The Islamic Dawah Movement of Southern Africa (IDM) acknowledges with appreciation the efforts of all those individuals who helped produce this monumental translation.

It is heartening and inspiring to witness the elucidation of Islam from none other than its original source, the Glorious Quran, into the Xhosa language; and transmitting, in Xhosa, Islam's life-giving articles of faith, its life-sustaining teachings and its life-enriching world view in a manner best suited to the Xhosa-speaking and Xhosa reading public.

May Allah accept this humble effort of ours. We beseech His help, and ask for His forgiveness. And all praise belongs to Allah the Lord of the Worlds.

FOREWORD

In the name of Allāh, the Beneficent, the Merciful. All praise is due to Allāh the Cherisher and the Sustainer of the universe. May peace and salutations be upon our Prophet, Muḥammad (s), his family and all his friends.

The Xhosa translation of the Qur'ān is meant to make the message of Allāh, Glory be to Him, to be understood by the Xhosa speaking people just as it is the same to other ethnic groups regarding their translations. This is done in order to make a person able to contemplate, as well as easily follow the teachings and the commandments of Allāh as written in the Qur'ān. Nevertheless, it shall always be a responsibility of every Muslim person to learn, acquire and master the knowledge of the Arabic language, as it is the language in which the Qur'ān was revealed because the Qur'ān is the Qur'ān in Arabic not the translation. The translation of the Qur'ān into any language is merely a close rendering of the meaning of what it implies but not exactly what Allāh says in Arabic.

For many years in the past in South Africa the message of the Qur'ān was available only to the English speaking public. Very few Xhosa speaking people could be able to read and understand it properly.

The majority of the Xhosa speaking people up until now unfortunately are people who are not fully literate due to the systematic deprivation imposed on them by their colonizers, as a result of that our people cannot read and write English. The sad thing about this is that the vast information on Islam is mainly available in English. There are very few religious books that are written in the vernacular.

We cannot ignore the fact that in spite of such condition there is also another group who cannot read and fully understand English but wish to be perceived as though they were versed in it, since speaking English these days is considered to be progressive and intelligence, anyone who cannot is regarded as someone who is behind and backward. This belief causes this group to refuse anything written in Xhosa, they would rather struggle and stammer reading English which they do not understand.

That will never yield good results except guessing and conjecturing. Good behaviour and good deeds will never improve on their part whereas the Holy Prophet Muḥammad (s), May Allāh Sub-hānahu wata 'ālā bless him and grant him peace, said he came to improve the character of man when he was asked what was his mission on earth.

By saying this we are encouraging people to learn their mother tongues, instead of loving and cherishing the languages of other ethnic groups above their respective languages if they wish to be respected and honoured by others.

Foreword

We the Xhosa speaking Muslims owe gratitude to Allâh, Sub-hânahu wata ‘âlâ for the Islamic Da’wah Movement which took it upon its self to have this Holy Scripture (Qur’ân) translated into Xhosa.

We cannot thank Allâh enough for such a noble deed on the part of the Islamic Da’wah Movement.

May Allâh ‘azza wajall bless IDM and those who support and make it grow from strength to strength and continue helping those in need among the members of our ummah.

We beseech Allâh to accept the translation, the printing and the distribution of this Scripture and may He grant us all who will read it, and act on it, guidance and forgiveness of our sins.

Ameen.

IMBULAMBETHE

Egamaeni lika-Allâh, uSolubabalo, uSozinceba. Iindumiso zonke mazibe kuAllâh, iNkosi, uMlondolozu wamaphakade. Lwanga uxolo neentsikelelo zika-Allâh lungaphumla phezu koMprofeti wethu uMuhammad, phezu kosapho lwakhe naphezu kwabo bonke abo bamlandelayo.

Inguqulelo yesiXhosa ye'Kur'ân isekelezwe ekubeni yenze umyalezo ka-Allâh Ozukileyo uvakale kubantu abantetho yabo isisiXhosa njengoko kunjalo nakwezinye iintlanga mayela neenguqulelo zeelwimi zazo. Oku kukulungiselela ukuba umntu akwazi ukucamngca, alandele kalula iimfundiso nemiyalelo ka-Allâh ebhalwe kwi'Kur'ân.

Nakubeni kunjalo kuya kuhlala kuluxanduva kumntu ngamnye oliMuslim ukuba alufunde alwazi ulwimi lwesiArabahu njengoko ilulwimi eyatyhilwa ngalo olo ngenxa yokuba i'Kur'ân yi'Kur'ân kuphela ngolwimi lwesiArabhu hayi ngenguqulelo yalo naluphi na ulwimi. Ukuguqulelwa kwe'Kur'ân kolunye ulwimi kukunika nje intsingiselo esondeleyo koko ikuthethayo kodwa ingekuko ngqo oko kutshiwo nguAllâh ngentetho yesiArabhu kwi'Kur'ân.

Iminyaka emininzi egqithileyo eMzantsi Afrika umyalezo we'Kur'ân ubuxhanyulwa ngabantu abathetha isiNgesi kuphela. Ebemalwa kakhulu amaXhosa abenokuthi akwazi ukufunda awuqike kakuhle umyalezo we'Kur'ân.

AmaXhosa amaninzi kude kube ngoku ngelishwa ngabantu abangenamfundo ibhekele phi ngenxa yembandezelo ayenzelwa ngurhulumente wobandlululo wangaphambili. Ngenxa yeso sizathu ke abantu bethu abakakwazi ukufunda nokubhala isiNgesi.

Into ebuhlungu kukuba ulwazi oluninzi lwenkolo yeIslam kuluntu lwaseMzantsi Afrika lusafumaneka ubukhulu becala ngolwimi lwesiNgesi kuphela. Zimalwa kakhulu iincwadi zenkolo ezibhalwe ngolwimi lomthonyama.

Masingayishiyi kananjalo nento yokuba phantsi kwaloo meko injalo kukwakho neqela labantu abathile abangasaziyo isiNgesi kodwa benqwenela ukuba bajongeke njengabasaziyo ngenxa yokuba ukuthetha isiNgesi kule mihla siphila kuyo kuthatyathwa ukuba kuyinqubela phambili, ongasaziyo ujongwe njengomntu osesemva.

Le ngqiqo ibangela ukuba eli qela lingafuni ukufunda nantoni na ebhalwe ngesiXhosa lixolela ukufiyela isiNgesi elingasivayo nakusiva nto leyo ingekhe ize naziqhamo ezizizo ngaphandle kokuqikelela noqashqash. Isimilo nezenzo zabo ngekhe ziphucuke nangona uMprofeti oNgcwele uMuhammad, uxolo neentsikelelo zika-Allâh lube phezu kwakhe, wathi xa wayebuzwa okokuba uze kwenza ntoni na

ehlabathini waphendula wathi uze kuphucula isimilo sokuziphatha komntu.

Xa sitshoyo sikhuthaza abantu ukuba mabafunde iilwimi zabo zenkobe bangathandi iilwimi zezinye izizwe bazingce ngazo ngaphezulu kweelwimi zabo ukuba bayakufuna ukuxatyiswa nokuhlonitshwa zezinye.

Thina maMuslim antetho isisiXhosa simele ukumbulela uAllâh Subhânahu wata ‘alâ ngombutho weIslamic Da’wah Movement othe wathabathela kuwo uxanduva lokuguqulelwa kwesi siBhalo siNgcwele (i’Kur’ân) esiXhoseni. Sibamba ngazibini kuyo iIslamici Da’wah Movement of Southern Africa.

Wanga uAllâh ‘azza wajallah Angayisikelela iIDM ndawonye nabo bayixhasayo yande ikhule ihlale inika uncedo eluntwini.

SiyaMcela uAllâh kananjalo ukuba Amkele ukuguqulelwa kwesi siBhalo esiXhoseni nokushicilelwa kwaso, Asiphe isikhokelo sonke thina baya kusifunda Asixolele neziphoso zethu.Amiin.

INTSHAYELELO

Egameni lika-Allâh, uSolubabalo, uSozinceba, ekunguYe ekubhekiswa kuYe lonke unqulo neendumiso. Siyambulela uAllâh, uSobunganga, uSomandla, nabathunywa baKhe, Siyambulela uAllâh, ekunguYe Yedwa uMdali, Ophila ngonaphakade, uMxoleli, ngokusikelela uluntu namaphakade onke ngenkokeli yehlabathi uMuhammad (Wanga uAllâh Angamsikelela amphumlise ngoxolo).

Xa sijonga okusingqongileyo, siphawula okokuba isizwe ngasinye sineengxaki simcela kananjalo okokuba Asikelele, Aphumlise ngoxolo bonke abaProfeti mayela nokuphila, iimpixano, urhwaphilizo, ulwaphulo mthetho, okusingqongileyo kudinga ukhuseleko, ukuziphatha ngesimilo esiphantsi okuthande ukuligqiba lonke eli. Siphawula kananjalo okokuba abantu bakutyeshela ukunqulwa koMdali, ukanti naxa bemnqula, bayamanisa amahlakane kuYe.

Kukho iinkokeli zopolitiko nezakwalizwi eziphila ngobunewunewu, zifumbe ubutyebi, zidala okanye ziququzelela impixano egameni le'democracy. Oorhulumente abaligcuntswana barhwaphilizela kubo izinto ezibubuncwane (zamazwe abo) yaye oko bakwenza ngogonyamelo nangetshova, ngaloo ndlela bakwazi ukulawula ngozwilakhe baphathe izigidi zabantu (ngegqudu).

Xa siqwalasela emva kwiinkulungwane ezisixhenxe ezadlulayo sifumana ukufana, oongalonkulu ababini ababelawula ubomi babantu, amaRoma namaPersi, babethimba izizwe, babe ubuncwane bazo, bakhobokise abantu bazo besebenzisa amandla wabo ukomeleza inqindi labo lentsimbi lokubambelela ngamandla nkqi elizweni.

Abasetyhini babephetheke njengezinto ezingenamphefumlo, amakhoboka ayephetheke ngokungathi zizinto ezingengabantu ncam, isithuba phakathi kwabazizityebi nabangamahlwempu sasisiya sisiba banzi ngokuba banzi. Iimfazwe zaziindlela yokuphelisa ukuphikisana.

Zazikho nezinye izinto ezininzi ezazilungile, ezinjengokubhaqwa kwezinto eziziintlobo ngeentlobo, neembongi ezinkulu ababhali, abantu befilosofi neengqondi zabuchaphazela ubomi babantu. Babekhona abantu ababelungile ababelandela iinkolo zabo kodwa besoloko benikezela ngeemfundiso ezicwengileyo zabaProfeti babo.

Ngeli xesha lenkulungwane yesixhenxe, isizwe ngasinye ehlabathini sasisele simfumene umfundisi oyinkokeli ekhethwe nguThixo ukuba akhokele abantu bakubo ekwenziweni kokulungileyo kushenxe kokungcolileyo. Elama-Arabhu lilo kuphela ilizwe abemi balo ababesalindele eyabo inkokeli. Okumangalisayo, kukuba bonke abanye abantu bezinye iindawo ehlabathini jikelele babesele bewufumene umyalezo kaThixo.

Ixesha lalisele lifikile lokuba esinye sezithembiso zikaThixo sizaliseke kwilizwe lama-Arabhu.

“NoThixo Waliva ilizwi lenkwenkwe. Samemeza isithunywa sikaThixo kuHagare sisemazulwini sathi kuye, ‘Unantoni ni na, Hagare!

Musa ukoyika, ngokuba uThixo ulivile ilizwi lenkwenkwe apho ikhona. Suka ume, uyithathe inkwenkwe, uyibambe ngesandla; kuba ndiya kuyenza uhlanga olukhulu...”IGENESIS 21:17

Kwenzeka ke, uMuhammad wazalwa ngonyaka wendlovu ngo-20 April 570 ngokwekhalenda yamaKhristu, ezalwa nguAminah noAbdullah kodwa utata wakhe yena wasweleka engekazalwa. Umama wakhe wamkhulisa ke eselusana waza wamthumela entlango, uHalima owayengumncancisi wakhe wambonelela ngendawo yokhuseleko nenempilo entlango apho. Emva kokusweleka kukamama wakhe uAminah, uMuhammad wayesele eneminyaka emithandathu ubudala,

Waye wakhuliswa ngutat’omkhulu wakhe uAbdul - Muttalib owaye eyinkokeli yesona sizwe sasihloniphekile nesona sasinamandla eMakkah, ama‘Kuraysh esiduko sakwaBanu Hâshim.

Kuncinane kakhulu okwaziwayo ngobomi bukaMuhammad ezincwadini ezithembekileyo. Siyayazi yona into yokuba abantu babemazi njengomphefumlo onentlambuluko, onentobeko nothandekayo kwimeko apho ubuhenyu, ukrexexo, uburhelelyo, iingxwabanxwaba zaziqhubeka rhoqo, iimfazwe, ubuxoki nenkohliso yayizizinto eziqhelekileyo. Babembiza ngokuba ngu’Al-Amin”, Uthembekile, isikhahlelo eso esasinqabe kakhulu kumntu omntsha kuma-Arabhu weloo xesha.

Okunye okwakungaqhelekanga yayikukukhula kwakhe ngokwasemoyeni, okwaye kwamgcina kude kwiinkolelo, abantu bakubo babenqula izithixo, bengakhathali, benesimilo esiphantsi. Kwakha ngenye imini yena ngecebiso lakhe elinengqiqo wathintela ingxwabanxwaba eyayisele yenze uphalalo gazi oluninzi phakathi kweenkokeli zesizwe sakhe.

Lo gama wayephuma kwesona sizwe sasityebile, uMuhammad (wanga uAllâh angamsikelela amphumlise ngoxolo) waye engumntu ozimeleyo nowayesebenza njengomrhwebi. Enye into, ngokwesithethe sakowabo abantwana kwakungavumelekanga ukuba babe nelifa, oku yaba sesinye sezizathu zokuba (uMuhammad lwanga uxolo neentsikelelo zika-Allâh zingaba phezu kwakhe) azisebenzele nangona ngewayexhomekeke kwizizalwana zakhe mayela nenkxaso yezemali. UKhadijah, umhlolokazi owaye esisityebi, ehloniphekile, enesimilo esinesidima, wamqesha uMuhammad ngenxa yembalasane yakhe yokuba ngumntu onentobeko nolungileyo.

UKhadijah waye wakholiseka nguye, ekugqibeleni wacela ukuba bazimanye ngeqhina lomtshato ngonyaka u-595 ngokwekhalenda yamaKhristu.

Wayesele eswelekelwe kabini ngabayeni bakhe, sele eneminyaka engamashumi amane ubudala lo gama umqeshwa wakhe wayeseneminyaka engamashumi amabini anesihlanu ubudala, engumntu owaye eneentloni, ocingisisayo phambi kokuba enze nantoni na, ongazithathi lula izinto, onothando. Umtshato wabo walizwa ngeentombi ezine, uZaynab, uRu'kayyah, uUmkulthum noFatimah nonyana u 'Kâsim owasweleka esemncinane eneminyaka emibini kuphela.

Abasetyhini babengaphethwanga ngembeko konke-konke. Babesonyeliswa bexhatshazwa. Babengenamalungelo okuzuzwa nto elifeni lezinto ezishiywe ngooyise nabayeni babo yaye maxa wambi iintsana eziziintombi zazibulawa ngenxa yokuba zazithathwa ukubaziluphawu lobuthathaka nehlahlo. Indoda yayiba nabo abafazi abaninzi babe gamakhosikazi wayo, namashweshwe, ize ithi isakufa abafazi abo bagqithiselwe kumntakwayo njengelifa.

UMuhammad (lwanga uxolo neentsikelelo zika-Allâh lungaba phezu kwakhe) Kwelinye icala wayehluka kwaphela Wayeyithanda inkosikazi yakhe nabantwana bakhe yaye wayebahoye ngokwenene. Wayebonakalisa intlonipho kubo, engazanga abusebenzise ngolunya ubutyebi benkosikazi yakhe.

Izidwangube zazididekile kuba uMuhammad waye ngowesona sizwe sihloniphekileyo nesisesona sinamandla, esingumnombo ka-Adnân owayengukhokho wama-Arabhu asemantla, oyinzala kaIsmâ'îl (uIshmayeli), unyana ka-Abraham (Ibrâhîm).

UKhadijah, omkhulu, inkosikazi yakhe eyayihloniphekile, wanikela ubutyebi bakhe ezandleni zikaMuhammad kodwa yena ngemvume yenkosikazi yakhe, wayebusebenzisa ekuncedeni amahlwempu neenkedama. Yena waye wazigcina kude kwizityebi namasiko nezithethe, wazikhwebula emasikweni, waqalisa ukuchitha ixesha lakhe elininzi ekucamngceni emqolombeni waseHira owawusencotsheni yentaba iJabal-An-Nûr okanye intaba yokhanyo, eyayiphambi kweKa'bha kwiikilomitha ezimbalwa ukusuka kwisixeko saseMakkah.

Umlibo: UMuhammad ibn (ukuthi ibn kuthetha ukuthi unyana ka) 'Abdullah ibn 'Abdul-Muttalib ibn Hâshim ibn 'Abd Manâf ibn 'Kusai ibn Kilâb ibn Murra ibn Ka'b ibn Lu'ay ibn Ghâlib ibn Fahr (Quraysh) ibn Malik ibn an-Nadr ibn Kinana ibn Khuzaymah ibn Mudrikah ibn Ilyâs ibn Nizar ibn Ma'ad ibn 'Adnân.

Ngaminazana ithile umhla ingowama-27 kwinyanga yeRamadhân ngonyaka u-610 wekhalenda yamaKhristu uMuhammad (lwanga uxolo neentsikelelo zika-Allâh lungaphumla phezu kwakhe), wayesele eneminyaka engamashumi amane ubudala wazibona esangiwa ngumntu othile emnqolombeni owamxelela ukuba makacengezele okanye aphindaphinde.

Lowo yayiyingelosi ebekekileyo ka-Allâh, uJibrîl (uGabriyeli), owayeyalelwe ukuba aze kufundisa uMuhammad (lwanga uxolo neentsikelelo zika-Allâh zingaba phezu kwakhe). Yena waphendula esithi akakwazi kufunda nakubhala kodwa sona isiphatha zithunywa saqhubeka wada uMuhammad wayiqonda into yokuba okwakulindelekile ukuba akwenze kukuphindaphinda iiVesi ezo.

Yaba kukuqaleka kwesiTyhilelo sikaThixo esaqhuba ukutyhilwa kuye iminyaka engama-23, saba yi'Kur'ân esiyiyo namhlanje. Ezi zilandelayo ziiVesi ezintlanu zokuqala ezatyhilwa emqolombeni:

“Funda! Egameni leNkosi yakho Eyadalayo.
Yadala umntu ngehlwili legazi.
Funda iNkosi yakho Inesisa.
Yona Yafundisa ukubhala ngosiba.
Yamfundisa umntu oko abengakwazi.” (‘Kur’ân 96: 1-5)

Nangona uMprofeti uMuhammad, wanga uAllâh angamsikelela amphumlise ngoxolo, wayengakwazi kufunda nakubhala, emva kokufumana kwakhe isiTyhilelo waqhubeka nokuba ngumcengcelezi waso, wafundisa nabalandeli bakhe ukuba babe ngabacengcelezi besi siBhalo, saza eso sithethe sokucengceleza saqhubeka nasemva kokulishiya kwakhe eli. Ukususela oko imfundo yawo onke amacandelo yaba yinto ebalulekileyo kumaMuslim naphi na apho akhoyo ayesaziwa ngokuba ngabantu bemfundo.

URabhi Ken Spiro uthi amaMuslim aseSpain aba nefuthe kumaYuda nto leyo yakhokelela ebukhweni bezifundiswa ezikhulu zamaYuda, ababhali neengqondi. Enyanisweni izinto zazintle kakhulu kumaYuda apho eSpain kangangokuba kude kube namhla oku kusekho amaYuda aziwa ngokuba ngama'Sephardi' oko kukuthi, aba seSpain.

Emva koko, uFerdinand noIsabella wawagxotha wonke amaYuda, waphelisa olona zinzo lwalukhe lwalukhulu nendawo yokuhlala kumaYuda.

Uninzi lwamaYuda enobunkcubabuchopho, ephucukile enezakhono zomsebenzi ngethuba kwakuphethe amaMuslim eSpain, aye aya kuzinza kwizizwe zamaMuslim eMntla Afrika (ukugxothwa kwawo eSpain). Amanye wawo aye amkelwa yikumkani yaseTurkey (eyayiliMuslim) ngobubele.

UBertand Russel uyasixelela okokuba amaMuslim aseYurophu kwiminyaka eliwaka eyadlulayo ayephucukile enobuntu wona kunamaKhristu, atshutshisa amaYuda. AmaYuda ubukhulu becala ayengaphathwa kakubi ngamaMuslim. Ama-Arabhu alugcina uncwadi lwesiGrike baza abaseNtshona bakubhaqa kwakhona oko babelahlekelwe kuko kulilifa lamaGrike ngoncedo lwefuthe lamaMuslim.

UDean Derhak akagungqi kwinto yokuba kude lee phambi kovuselelo lwezithethe zeNtshona kwakukho ubuhle boluntu eSpain eyayilawulwa ngamaMuslim apho amaMuslim afika alijika ilizwe lezibhongoobhyanane elalifanano lonke elaseYurophu laba liziko lenkcubeko, urhwebo nobuhle.

Lo gama ukunyamezelana kwakungaziwa kulo lonke elaseYurophu, amaMuslim wona ayesele enombono ephangaleleyo malunga neenkolo zabanye abantu. Abafundi ababesuka eFrance naseIngilane babefunda ezinyaweni zamaMuslim.

UFranz Rosenthal uchaza okokuba enza ukuba ukuveliswa koncwadi olungenakufaniswa kwenzeka gokuthi kwenziwe iphepha (lokubhala) lifumaneke. Amacandelo ezifundo ezithile zolwazi aye ahlulwahlulwa, zifundo ezo zenza imbonakalo eyahlukeneyo yelizwe eyatyebisa uncwadi lwaseNtshona ngokungenamlinganiselo.

UMprofeti uMuhammad, wanga uAllah angamsikela, amphumlise ngoxolo, wafundisa abalandeli bakhe izinto ezininzi eziphathelele nobulungisa.

Yena wakhumbuzisa abalandeli bakhe abangabasetyhini nabangamadoda okokuba ukunceda abantu kukunceda uThixo. Abo babephikisana naye, bemngcikiva, bemxuluba ngamatye, wabathandazela, wafundisa abalandeli bakhe ukuba bamhloniphe uAbraham, uMoses, uYesu, noMariya obekekileyo umama kaYesu nangona abanye apha kubo ingabaProfeti bakwasirayeli, besuka kwisizwe esinobutshaba kuma-Arabhu namamMuslim ngokubanzi.

Wayeye xa abantu bemqalekisa athi yena uze kusasaza uxolo emhlabeni. Abafazi babekhe bamcele umngeni nabo, baxoxe naye. Kanti namakhosikazi akhe ayedla ngokumkhapha ukuya edabini ukanti wayedla ngokukhe afune amacebiso abo maxa wambi.

Phakathi kwezona zibalaseleyo izenzo neemfundiso zoMprofeti zezi:

“I-ink yesifundiswa ilunge ngaphezulu kunegazi lomfelukholo” maxa wambi oku kuye kutolikwe ngokuthi: “Usiba lokubhala lunamandla ngakumbi kunekrele.”

“Funani ulwazi ebusaneni nide niye kufika emangwabeni”, “Nide niye kutsho eziphelweni zehlabathi”, “Abazizityebi nabangamahlwempu mabazingele ulwazi ngokulinganayo”, “IPaladesi iphantsi kweenyawo zikamama wakho”, “Izenzo ziya kuvuzwa ngokwenjongo.

“Yena wayalelwa ngendlela yesiTyhilelo i’Kur’ân okokuba asikho isinyanzelo enkolweni, umntu uyazikhethela kwanokuba isizathu sobukho bakhe yena apha kulo mhlaba kukuza kushumayela umyalezo kaThixo ngentshumayelo entle nemboniswano, kwanokuba yena wathunyelwa ukuba eze kuba yinceba kubantu bonke; kwaye yena ungumzekelo omhle ukuba kulandelwe wona nguye wonke ofuna impumelelo kweli hlabathi nakuBomi uBuzayo.

Nangona yena wayengakwazi kufunda nakubhala, ingqondo yoMprofeti yayinobukrelekrele obungazanga bubonwe ngaphambili emva kokusweleka kwakhe. Iimfundiso zakhe zaba yimpembelelo ebantwini nakuluntu lonke olwaguqula imbali ngezinto zobunzululwazi nezinye ezaya zabhaqwa.

Yena njengenkokeli, wayephila ubomi obungazanga baphilwa nayiyiphi na inkokeli kuba yena wayengenabunewunewu namatheko, wayengenabalindi bokumkhusela, kananjalo wayengenapoma lamzi ulibhotwe.

Umzi wakhe wawusemasjid (endlwini yokuthandazela) awayakha nabafundi bakhe, wayelala phantsi.

Ihlabathi walinika idyunivesithi, inkqubela, inkululeko nokulingana ebantwini. Yena waba sisixhobo ekwenzeka ngaso ummangaliso omkhulu, i'Kur'ân ezukileyo, isiTyhilelo esahlala singaqgwehwanga ukususela kwezaa Vesi zintlanu zokuqala zatyhilwa emqolombeni waseHira kwiminyaka engama-1431

njengoko le Ncwadi igqitywe ukubhalwa ngo-1431 okanye 2010 ngokwekhalenda yesilungu.

Ukuyaniseka nokuthobeka okwakufumaneka kuMuhammad kwasekuqalekeni komsebenzi wakhe kubonakala kakuhle okokuba kwaqhubeka kwada kwaba sekuswelekeni kwakhe ngonyaka u-632 AC. Obo yaba bubomi amaMuslim aye abhala ngabo, azama ukubulandela kananjalo kangoko anako (Taylor 1976: 31).

Emva kokusweleka koMprofeti uMuhammad, uAbu Bakr waya wonyulwa ukuba abe yinkokeli yamaMuslim, laza ifuthe lamaMuslim landa ukusuka kwesinye isizwe kuye kwesinye isizwe landisa nolwazi lwawo (amaMuslim) lwanwenwa lwaya kuma kude. Masithathe elaseSpain umzekelo.

Ngonyaka u-711, umkhosi owawungamadoda angama-7000 owawuphantsi koTâriq bin Zaid. Wazinza ecaleni kwelitye elalilikhulu elisabhalwe igama lakhe nangoku. I'Gibraltar' (intaba kaTâriq). Ukumkani uRoderick kunye nomkhosi wakhe owawungamadoda angama-25000 wancothulwa neengcambu zakhe.

UTâriq wangena esizweni esasinengathethekiyo ingcinezelo le, isizwe esasisesemva ngempucuko nesasithwaxwe ziimfazwe.

Ikwalalo lizwe laseSpain elathi ngethutyana elingephi phantsi kwamaMuslim laguquka. AmaMuslim anceda ngokoyisa imihla yokungazi eYurophu njengoko kunokubonwa oko ngokukrwaquka kwimibhalo yamaKhristu, amaYuda nezinye izifundiswa zisichazela ngethuba elingekhe lifaniswe embalini ngokumalunga neyona mpucuko iphezulu yakha yakho ehlabathini. ngokokutsho kukaNjingalwazi uHiti, lwalukhululekile ukulandela inqulo yalo.

AmaMuslim ngawo avelisa uZero 'O' namanani esiArabhu, aza alityebisa ilizwe ngezifundo zezityalo (Botany), Izifundo zeAstronomy, mathematics, Physics, Geography nezinye izifundo. UHiti wongeza wathi: Yaba luzuko lwaphakade lweengqondi zamaMuslim okuqala aseBaghdad nawaseAndalusia (eSpain) into yokuba ahlanganise inkolo yonqulo loThixo omnye kunye ne'philosophy' yobuGrike, aza ayigqithisela sele iyondelelene eYurophu nto leyo yaba sisiqalo sesiphelo "semihla yokungazi eYurophu."

Ukuqalela kwinkulungwane yesibhozo kuye kutsho kunyaka u-1200 emva kokunyuka kukaYesu, iSpain eyayiphantsi kwamaMuslim yayiyiyona ndawo yayinempucuko neyona yayiphambili ngenkqubela eYurophu, inamathala eencwadi ezingama-70 (libraries) nezindlu zokuhlamba umzimba zikawonkewonke ezingama-9000 eCordoba kuphela.

ISpain yamaMuslim, ngokokutsho kukaFrancesco Gabriel, yakhokelela kwiimbono zezifundo ngezinto zokugqibela zalo mhlaba (eschatology) kwiNtshona yesiLatin ekunokwenzeka ukuba yiyo eyaphembelela uDante. Imibongo yeArabo-Spanish eneziqendu yaba nefuthe elikhulu kwimibongo yothando.

Ngokubhekiselele kunyamezelwano, uthi yena, ‘Izizwe zamaMuslim zaye zathatha amaYuda namaKhristu ukuba “angabantu beNcwadi” zaza zabanika ukhuseleko ngokusemthethweni lo gama wona umthetho wobuKhristu ukuhluthela kuwo kwawo iSpain wabonakalisa ukunganyamezelani nentshutshiso kumaMuslim.

AmaMuslim aye anyanzelwa ukuba aguqukele ebuKhristwini. Kodwa akuzanga kwakhe kwabakho ukwamkeliswa kwamaYuda namaKhristu I-Islam ngesinyanzeliso ngamaMuslim. Ii’crusades’ zaye zangabi nalusini nanceba xa zazihlasela amaMuslim. Iimfazwe zawo zazingaliwa phantsi komoya wothando lobuKhristu lokuthanda ummelwane wakho neentshaba zakho, koko zazisiliwa phantsi kwezizathu zokunyolukela ubutyebi norhwaphilizo lwemida, nokungabi nakunyamezela iimvaba zaseMpuma, nokungazi nenkukhumalo ngokubhekiselele kwi-Islam.” (Taylor 1976:46)

Phakathi esazulwini sezixholoxholo namhlanje, naphantsi kogqwetho notoliko gwenxa loMprofeti, ngoko kunjalo abantu basaguqukela kwi-Islam. UMprofeti uMuhammad (lwanga uxolo neentsikelelo zika- Allâh lungaba phezu kwakhe) wayesisipho esivela kuAllâh eluntwini, ethunyelwe njengenceba kumazwe onke kanti ne’Kur’ân ingummangaliso esikwaziyo ukuwubona nanamhla oku.

Kunyanzelekile siyifunde siyiqiqe i’Kur’ân sibuphengulule nobomi bukaMuhammad (uAllâh amsikelele amphumlise ngoxolo), silandele nomzekelo wakhe ukuba ngaba phofu sinyanisekile ngokusindisa imiphefumlo yethu nehlabathi.

Yena waye eyingqondi yesilumko eyadela imigibe yobunewunewu nobukhosi beli hlabathi, akakunanza ukuba namaholo, Oomantshingilane, abalindi, amadindala, izambatho zesilika ubukhazikhazi begolide, zinto ezo zisoloko zisayanyaniswa namandla obukhulu.

Yena ukwangumkhokeli owakhokelela (abantu) kunqulo olusulungekileyo ekhokela bonke abo bathanda uThixo. Nguye yedwa indoda eyathabatha uhambo yaya ezulwini yaphinda yabuya. Yena liqhawe lamaqhawe. (Rogerson 2003:4)■

ISLAMIC DAWAH MOVEMENT

Of Southern Africa (IDM)

THE ISLAMIC DAWAH MOVEMENT OF SOUTHERN AFRICA (IDM) is primarily involved in promoting the message of Islam to all the people of Southern Africa. With humble beginnings in 1977, it has now grown to be one of the largest dawah organizations in the country, and the Southern African region, with over 30 years of experience, expertise and professionalism backing it. Its **Dawah Network Unit** is the largest in the sub-continent, with scores of Islamic Centres under its portfolio and over 50 duaat employed. The IDM is continuously building Masaajid, classroom blocks, boreholes, Imaam's quarters and clinics in Southern Africa. This Unit conducts a host of dawah outreach programmes continuously throughout the year. Its **Human Resource Development Unit** has assumed sub-continental proportions, with the organization of major workshops, seminars and in-service training, incorporating the Southern Africa region; on fiqh, dawah, leadership and management, socio-political, and economic issues; often in conjunction with other international and regional organizations. It's **Publications and Research Unit** is playing a significant role in the making of a truly "Iqraa" Community in Southern Africa. This Unit researches and publishes, for free distribution, topics relevant to the Southern African scenario. It incorporates the bookshop and the translation of the Quran into 3 major languages of Southern Africa. Running as a thread and interspersed with the other activities is the significant educational and education-related activities grouped together under the banner of the **Education, Training and Skills Development Unit**. This unit makes available scores of scholarships and conducts various different types of education-related activities on a on-going basis including, ABET (Adult Basic Education Training) classes, pre-schools, sewing and embroidery classes, home-gardening skills programme, in-service training, Train The Trainers courses, adult Islamic classes, and youth training camps. The **Welfare Unit** encompasses the feeding of hundreds of children daily at Madaaris, building of clinics, and a host of other welfare-related activities. IDM is currently in a favourable position to effectively enhance and accelerate the Islamisation process in the Southern African region. Alhamdulillah.

THE MISSION OF IDM is to promote the message of the unity of God to all the people of Southern Africa so that they may achieve their God given potential of excellence and purity; and in this way contribute to the moral, spiritual, social, intellectual and economic growth of the nations as a whole.

IDM PUBLICATION AND RESEARCH UNIT is a division of the Islamic Dawah Movement of Southern Africa. The primary thrust of the unit is to search, research and publish selective and relevant topics on Islam especially for the region of Southern Africa. It has published innumerable titles, (books and leaflets) as well as translations of the Quran, in 3 major local languages, *Alhamdulillah*. The unit concentrates on already published works, which are out of print, but are relevant to the region and in keeping with our aims and objectives.

IDM has published titles primarily in English. However, its publications include titles in the Xhosa, Zulu, Afrikaans, Oshiwambo and Burrundi languages.

A major objective of this Unit, through its publications, is to eliminate ambiguity and misconceptions of certain issues within the value system of Islam; hoping thereby to present the real and authentic Islam to both the Muslim and Non-Muslims alike. The IDM Publications and Research Unit intends to continue to publish a variety of topics on Islam that would primarily aid a better understanding of the true Islam amongst the people of Southern Africa and thereby help to catalyse the process of Islamisation regionally and globally. The overall aim and objective of this Unit is to present Islamic principles and values to Muslims and Non-Muslims in order to help them understand this religion and way of life, which advocates unity, justice, brotherhood, tolerance and peace, which is Islam.
